JUNE 2020 GENERAL INFORMATION

Greetings NEOMC Friends

Once again, we greet with an abbreviated June NEOMC Newsletter. I hope this newsletter finds each of you and your families safe and healthy. Today would have been our June monthly meeting but we are still limited by local, state, and federal government mandates for group gatherings and social distancing. Unfortunately, the covid 19 virus still exists and scientists are learning more daily about this virus.

We had our first club "Sunday Ride" on May 31st attended by 22 cars. A better turnout than we anticipated. We began at the Botzum Trailhead in the valley and finished at Retro Dog in Cuyahoga Falls for refreshments. The ride was approximately two hours long. I wish to thank Kevin Larkin for the cruise suggestion and Gene Szucs for the logistics and putting this ride into action. It was good to see all those that attended. It was difficult to manage "social distancing" at the trailhead but over all, it worked out after we hopped in our cars and got underway. I strongly suggest the use of face masks to reduce the risk factor for health safety during this global pandemic.

Please everyone, any suggestions for a club cruise let Gene Szucs or me know.

Hopefully we can eventually get back to some of our normal club events and activities in the near future. Group gathering sizes will affect how we can plan our club events as well. We are fortunate as some of our cancelled activities can be rescheduled once things open up.

I know each of you have special club member friends, please reach out to them to ensure they are doing well.

Our best wishes to the Wanacheks' and for a speedy recovery for John.

Please feel free to contact a member of the leadership team as necessary.

Best wishes and please stay safe and healthy,
Jim

NEOMC September Car Show Inquiry

Our club car show is scheduled for Sunday September 13, 2020 at Montrose Ford in Akron.

I have not taken action to cancel this event as other local clubs have cancelled their scheduled car shows. As those of you that have worked our car shows know, it takes a lot of members to make it happen. I am concerned that if we cannot get enough volunteers to make our show a success to the paying participants, any poor performance will reflect on our reputation and future shows.

This inquiry is directed to those individuals, seasoned and new volunteers, that have and would volunteer to work our car show. Would you feel comfortable to volunteer under the present COVID 19 threat? A yes or no answer is appropriate. Please advise, by return email, your response to me.

If we do not have enough members to make the show a success we will not proceed. If we receive enough volunteers to complete the show it will not be conducted like our past shows. We will need to practice whatever local, state, and federal laws are mandated at that time. Your suggestions are welcomed.
